The cheaper prices attained at regional markets caused consignments to more than halve, for a mixed quality yarding of lambs. Most weights and grades were represented, with high percentages of heavy weight crossbred lambs in the penning. Merino lambs were also well supplied in a firm to slightly dearer market.

The few new season lambs gained \$3 to sell from \$94 to \$134/head, or an average price around the 471c to 511c/kg cwt range.

The lightweight older lambs sold close to firm, with quality in places contributing to some price variations. Trade weight lambs lifted \$1 to \$2 and sold from \$85 to \$106.20/head, or an average price from 436c to 444c/kg cwt. The Merino trade weights also sold to a dearer trend, especially for the better finished end. Heavy weights gained \$2 to \$3, as the lighter end ranged from \$101 to \$124, with the heaviest reaching \$160/head. These categories attained an average price from 472c to 501c/kg cwt.

Sheep numbers also slipped, selling \$7 to \$10/head cheaper and more in places. The medium and heavy weights ranged from \$46 to \$110/head, as the better processing mutton averaged around the 250c to 320c/kg cwt. Exceptional heavy weight Merino wethers with a good skin value reached the \$110/head mark. Restockers were also active in the competition.
