Despite showers in the region and harvest near full operation, numbers jumped 50% on last week. Ewe mutton supplies were large with cross bred lambs in reasonable supply, along with store Merino drafts. Quality was back slightly on last week, with more of the ewe supply in light condition and lambs mostly light weight and store categories. Competition for store categories continued to increase, with restockers very strong and selective live export activity. Processors were more selective and most ewe mutton eased slightly, while the few trade lambs were up around \$5 to \$6/head. Two major lamb processors did not operate.

Light store lambs lifted around \$4/head, with cross bred drafts from \$55 to \$82 and Merino drafts between \$35 and \$65/head. Light lambs to processors made from \$65 to \$105, to be firm to \$5 dearer and 18kg to 22kg trade drafts made from \$98 to \$120, to be \$6/head dearer. Heavy lambs sold to a top of \$123/head.

Ewe prices were back slightly for those to processors but light ewes, mostly to restockers, lifted \$3/head. Light store ewes made from \$43 to \$56, up \$3, with 2 score processing ewes from \$50 to \$76, \$2/head easier. The 3 and 4 score ewes including heavy weight drafts sold between \$65 and \$85, also back \$2/head. Restockers paid from \$65 to \$78 for better mature ewes, with very light ewes from \$40 to \$56, up \$3/head.

Wether prices were firm to dearer, with export categories between \$77 and \$90, whilst store drafts made from \$50 to \$82, to be \$2 to \$4/head dearer. Rams remained firm, with ram lambs from \$70 to \$87, while young drafts to live export and feeders sold between \$30 and \$75/head. Old rams to processors made from \$5 to \$35/head.
