Numbers were back on last week's sale with very hot conditions possibly impacting deliveries. Ewe supplies were the largest category with crossbred lambs in reasonable numbers. Merino lambs and wethers were available in moderate supply. Quality was fair with some good lines of Merino ewes and a small number of prime trade and heavy lambs. Many of the ewes were in lighter condition and the majority of the lambs were secondary and store conditioned lighter weight drafts. Competition varied throughout the sale with prices improving as the sale progressed and some buyers sought to secure numbers. Most prices were back marginally with quality the main contributor.

Very light store lambs made \$25 to \$55/head and close to firm. Light lamb to air freight, live export, and feed and restocker orders sold between \$55 and \$90/head and remained close to firm. Trade lamb sold between \$85 and \$105, with the better prime drafts firm at 480c/kg cwt but the secondary drafts mostly \$2/head easier. Heavier lambs sold between \$107 and \$135/head and averaged close to 490c/kg cwt.

Ewe prices started the sale \$5/head easier but lifted as the sale progressed and restocker demand lifted, to finish close to firm. Light store drafts made \$25 to \$54 and were \$2/head cheaper due to weight and quality. The 2 score mutton to processors made \$41 to \$85, to be \$1/head cheaper and average close to 288c/kg cwt. Better ewes including heavy weight drafts made \$60 to \$88/head and were firm for a 287c/kg cwt average. Restockers purchased most light mature ewes between \$30 and \$54, with better ewes including ewe hogget drafts making \$53 to \$86.50/head and were firm on last week.

Wethers sold at similar prices with processors purchasing the very heavy and crossbred drafts for \$78 to \$105/head. Live export paid \$68 to \$96 for suitable drafts, also similar, with light and store wethers selling between \$45 and \$83/head which was firm on last sale. Ram lambs sold to a top of \$92.50, with most young drafts from \$30 to \$65 and old drafts to processors between \$5 and \$50/head.
