AuctionsPlus Market Comments: Week Ending 29th May

By: Anna Adams

Another bumper week of cattle offerings totalling 9,732 head, with the south first up this morning and a stronger sale than we have seen in Victoria and SA for several weeks. Though northern producers were not lacking for competition as we yet again saw the strength of the auction system and feedlots paying well above their published rates to secure cattle, with the heavier end of feeder weight steers seeing some outstanding prices. Sheep and lamb numbers were back to 47,609 head offered with heavier store lambs the standout article.

A mixed offering of Merino ewes this week led to varying prices, though older scanned ewes remained consistent. Young breeders scanned to terminals made \$80 to a top of \$145 for three year olds in lamb to Composite rams at Junee, and those scanned to Merinos sold for \$77 to \$130. Unjoined young ewes made \$48 to \$81.50, and aged scanned ewes sold from \$95 to \$112.50.

First cross ewe lambs made from \$119.50 to \$137.50 and scanned two year olds made \$206. In Young, Primeline Composite three year old ewes scanned in lamb as twinners sold for \$255, and the four year old line sold for \$217.

Older store lambs continue to sell well, with significantly higher rates for lambs heavier lambs. Lines weighing over 40kg make \$120 to \$128 and averaging 691c/kg carcase weight, while lighter lambs 30kg-33kg sold from \$73 to \$90.

Mutton buyers were outpriced by restocker son suitable sheep this week. Processors had more success on lambs in Tasmania, with lambs to dress 21kg-23kg selling from 521c to 570c.

For the first time in many weeks steer rates behaved as is expected in a "normal" market and decreased as cattle got heavier, however the differential between the lightest and heaviest class was only 27c. Light steers under 250kg made 265c to 336c averaging 303c, up 15c and heifers made 208c-268c to average 237c, down 24c. 250kg-300kg steers made 252c-324c to average 292c, down 2c, and heifers sold from 217c to 264c to average 240c, up 9c. 300kg-350kg steers made 256c-316c averaging 282, down 9c and heifers dropped 7c to average 236c. Heavy steers made 241c to 323c to average 276c, up 13c, and saw some of the standout prices of the day including 388kg Angus steers out of Walcha making \$1255 or 323c, and 368kg crossbred steers at Blackall selling for \$985 or 268c.

Cows with calves at foot this week were primarily mixed age lines out of QLD and sold from \$830 to \$1230, and in WA a line of five year old Hereford cows with Angus calves at foot sold for \$1805. Heifers PTIC for their first calf were sought after today and made from \$1025 to a top of \$1300 for Wattletop blood Angus heifers in calf to Wagyu at Condobolin.

Cattle
